

Surface Treatment and Processing Technology Exhibition

SURTECH

Date December 16th – 18th, 2026

Venue TOKYO BIG SIGHT, JAPAN

Exhibitor Application is now OPEN!

Deadline: July 31st, 2026

**Booth Allocation: Selectable by Application Order
On First-come-first-served Basis**

Products and Technologies Eligible for Exhibition

■ Plating related industries

Production facilities, ancillary facilities, jigs, baskets, etc. related to electroplating, electroless plating, hot dip plating, alumite, chemical processing, etc. Other miscellaneous tools, glazing agents, additives, etc. Surface treatment chemicals, anodes, new plating products, etc.

■ Painting and paint-related industries

Production equipment, ancillary equipment, jigs, and other painting tools related to coatings, general-purpose coatings, special functional coatings, new coating materials, new coating products, and new materials, special materials, special coatings, etc.

■ Industries related to heat treatment and surface hardening

Production equipment, ancillary equipment, and jigs related to heat treatment and surface hardening, new processing technologies, new application technologies, new heat treatment products, processing technologies for new materials and special materials, processing specialists

■ Industries related to dry process and surface modification

Production technologies, ancillary equipment, and jigs related to dry process and surface modification.

New application technologies, new processing products, processing technologies for new materials and special materials, processing specialists

■ Industries related to environmental and safety measures

Wastewater treatment, soil purification, air pollution purification equipment, facilities related to work environment improvement and management, chemicals and materials for environmental and safety measures, new technologies for environmental protection measures, measurement and measurement technologies related to environmental protection, water purification technologies

■ Industries related to testing, inspection, research, and guidance

Equipment and materials related to testing, inspection, and research related to surface treatment such as quality control and production control, equipment and technologies related to computer and information processing related to surface treatment such as OA and FA, etc.

■ Universities, independent administrative institutions, etc.

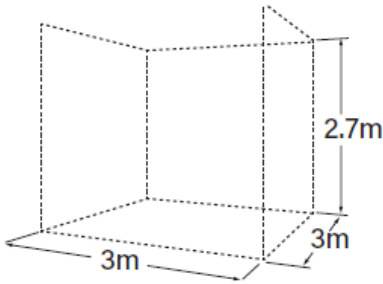

Other industries related to equipment, materials, and technologies that contribute to the development of surface treatment

Exhibition Fees

Space Unit: 9 sqm (W3m x D3m x H2.7m)

Exhibition Fee (Space only, tax included)

Company	JPY 418,000
Public Organizations University Labs	JPY 209,000

The fee includes;

- ✓ Side panels when a space borders on neighboring booths. Corner booth spaces do not have a wall on pathway sides.
- ✓ Online product information registration, including viewer data for up to 10 materials and videos uploaded up to the exhibitor information page.

The fee does NOT include;

- ✓ Costs for booths' installation, dismantling, decoration, cleaning, or waste disposal, nor charges for electricity/water supply and drainage or internet fees.

Optional Package Booths *Application to the contractor starts from October.

Plans start from	JPY 176,000
------------------	-------------

Optional Plans

On-site Presentation	JPY 165,000 / 30 mins Fee includes: Screen, Projector, and Sound equipment (2 microphones, speakers)
Web Promotion	Find details on Optional Promotion Plans

How to Apply / Schedule

Submit the application form by the deadline: July 31, 2026.

Book Your Stand

*Please make sure to confirm the terms and conditions before applying. Cancellation will be charged according to the policies below.

Terms and Conditions : https://www.surtech.jp/pdf/2026dce.kiyaku_en.pdf

Privacy Policy : <https://en.www.surtech.jp/privacy.html>

How to pay: An invoice will be issued after your application is received. Exhibition fees must be remitted by the date specified in the invoice without fail. Failure to pay exhibition fees by the deadline may result in your application being declined.
